

## OUR MISSION

CVJP is dedicated to helping all current and former military members regardless of discharge status by using California Penal Codes 1001.80, 1170.9, and 1001.36 to acquire alternative sentencing, diversions, and leniency for their misdemeanor and felony criminal cases. We also connect them with any other services they may need including but not limited to VA benefits, discharge upgrades, citizenship, housing, expungements, resolving tickets, and family law matters.

## OUR PROCESS

Clients with pending criminal cases can fill out our [Statute Intake Form online](#); we will send clients an electronic Release of Information or they can print and return our [Paper Release of Information Form](#).

Clients with all other concerns should fill out our [General Intake Form](#); we will send clients an electronic Release of Information or they can print and return our [Release of Information Form](#).

Before you proceed with either intake form, we require that you complete the [BUPPS and C-SSRS Surveys](#).

Clients should email the paper Release of Information Form and any other documents to [office.cvjp@gmail.com](mailto:office.cvjp@gmail.com). Please note: it is especially important on our end to have our clients' contact information, attorneys' information, charges, and scheduled court date and for the information to be legible.
